# AGROFERT Group

AGROFERT, spol. s.r.o. was established on 25<sup>th</sup> January 1993 as a company focused on trade with fertilizers. At the time of its establishment the company had only four employees.

AGROFERT, a.s. currently consists of more than 256 companies which are active in several sectors such as chemical, food, agricultural, ground machinery & technology, forestry & timber, renewable energy sources and media. The shareholder's equity is over 47 billion CZK.

The AGROFERT group employs nowadays a total of 34 thousand people and it is the largest private employer in the Czech Republic. According to the CZECH TOP 100 association, AGROFERT is the fourth most important company and the second

most admired company in the Czech Republic.

AGROFERT is the largest group in the Czech and Slovak agriculture and food sector. It is the fourth largest entrepreneur by the revenues, the fourth largest Czech exporter and the second largest chemical group in the Czech Republic. It ranks second among the producers of nitrogenous fertilizers in Europe.

AGROFERT is also the largest Czech investor in Slovakia and Germany and a significant investor in Hungary.

Successful functioning of the whole group is based on long-term relationships with business partners, high-quality work of experienced managers, experts and hardworking people, business flexibility and maximum use of synergies in the group.

## 1993

25<sup>th</sup> January – establishment of AGROFERT, spol. s.r.o. (registered capital 100,000 CZK, four employees)

## 1994

Transformation of the limited liability company into a joint-stock company named AGROFERT a.s.

Extension of trading activities: agricultural commodities and agrochemicals

## 1995

The company starts to invest into a national distribution network; acquisitions of ZZN and ACHP companies \*\*

## 1996

Entry into the Czech chemical sector: privatization of the company Precheza

Joint venture DUSLO Šaľa (SK)

## 1997

Establishment of a specialized company trading with pesticides: Chemagra

20<sup>th</sup> May – establishment of AGROFERT HOLDING, a.s.

Acquisition of the company Lovochemie

## 1998

Extension of AGFTRADING activities: trade with commodities

## 1999

First merger in the group: merger between Chemagra and AGFTRADING

Extension of business activities: fuel trading

Acquisition of the company DEZA

## 2000

Entry into the food processing sector: Maso Planá, MASNA Studená and ADEX

## 2002

Acquisition of SKW Piesteritz (DE)

## 2004

Merger between the companies AGROFERT HOLDING, a.s. and AGFTRADING, a.s. as of 1<sup>st</sup> September 2004

Entry into the mill and bakery sector: PENAM (3<sup>rd</sup> most important group at the market)

## 2005

Merger between the companies AGROFERT HOLDING, a.s., AGROFERT, a.s. and AGROPROFIT a.s.

Acquisition of the company Kostelecké uzeniny

## 2006

Entry into the Czech market with agricultural machinery

Acquisition of the poultry company Hyza (SK), establishment of the company Profrost (frozen bakery products), acquisition of the Chinese chemical company Precheza Titanium Dioxide

## 2007

Entry into the primary agricultural production segment

Entry into the market for production and sale of seeds: OSEVA

## 2008

Entry into the dairy segment: OLMA

Acquisition of the bakery company Šarišské pekáre a cukrárne (SK)

## 2009

Acquisition of agricultural and food company AGROPOL Group (including the company Vodňanská drůbež)

Entry into the Hungarian market: Devecseri

Acquisition of the Dutch distributor AdBlue GreenChem

## 2010

Extension of activities in Hungary, entry into the Hungarian bakery market: acquisition of the bakery group Ceres

Acquisition of meat processing companies: Masozávod Krahulčí and Kmotr

## 2011

Entry into the segment of forestry, timber harvesting and processing

## 2012

Media market entry : establishment of the AGF Media group

Acquisition of the trading part of the company IKR (HU)

## 2013

Acquisition of the company Lieken (DE), Ecopress (SK), Mafra

## 2014

Acquisition of the companies Londa, NT Group (HU)

Acquisition of the majority shareholding in the company Česká vejce CZ

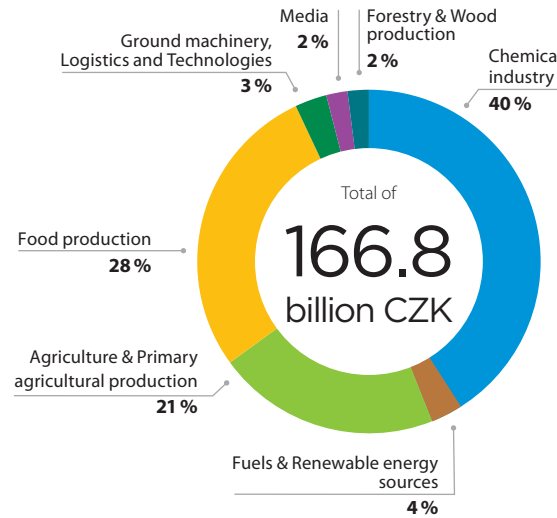

\*\* ZZN Supply and purchase of agricultural products, ACHP – Agrochemical company

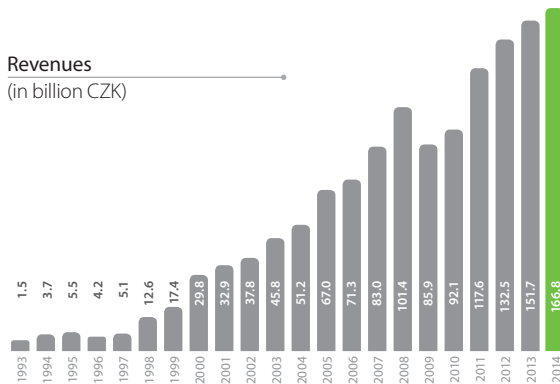

# Economy

In 2014, the AGROFERT group invested a total of 12.1 billion CZK, of which 2.2 billion were financial investments and 9.9 billion CZK were replacement and development investments.

Corporate social  
responsibility

# Corporate social responsibility

Our CSR strategy is based on more pillars due to a wide range of the group activities. The following overview refers to our major objectives and activities in each of them.

In the year 2014 we published the first Corporate Social Responsibility Report which comprehensively presented our activities in terms of context, numbers and stories. You may download this report in Czech and English version at [www.agrofert.cz](http://www.agrofert.cz).

We regularly consult our efforts and strategy in the fields of corporate social responsibility and sustainable business with specialists, learn new things and compare our group with other companies within the platform Business for Society, of which we are a member.

## Economic area

### Non-corrupt entrepreneurship

AGROFERT, a.s. is the first Czech company which obtained a certificate on Fraud and Corruption Resistance Profile – granted by Det Norske Veritas, the internationally

recognized Norwegian certifying authority.

### Ethical standards

The Code of conducts of the group ([www.agrofert.cz/compliance](http://www.agrofert.cz/compliance))  
Information on unethical behavior – line Tell us  
Compliance with the Code of conducts related to product advertisings  
Journalistic Code of conducts of the Mafra group

### Transparency

The central purchase based on the software auction system Softrade

### Quality certification

ISO 9001, HACCP etc.

## Social area

### Long-term cooperation with the education system

Support of vocational and secondary education (internships and traineeships in companies, financing of technical equipment)  
Cooperation with universities (internships and traineeships in companies, cooperation in the research area, teaching)  
CAREER program for graduates

### Development of regions

Sponsoring activities (local organizations, associations, societies, clubs etc.)  
Development investments and creation of new jobs

### Employee development

Non-financial benefits, contributions associated with commuting to work  
Safety at work (OHSAS 18001)  
Employment of people with a reduced working capacity

## Environmental area

### Investments into environment friendly facilities

### Certification of companies

ISO 14001

### Animal protection

Strict compliance with the standards for farm animal breeding.

## Company philanthropy

### Financial and non-financial donations

Financial support of regional and national projects based on social, cultural, sports and other activities  
Participation in the National Food Collection

### AGROFERT Foundation

Established on 5.12.2011, registered capital: 100,000,000 CZK.  
In the year 2014 there were granted ca. CZK 23,000,000 (specific beneficiaries, grant procedures for non-profit organizations, Fund for single parents)

	2014 (CZK)
Replacement and development investments	9.9 billion
Financial investments	2.2 billion
Total investments	12.1 billion
	2013/2014
Students' participation in professional practice	156 persons
Trainee program graduates	40 persons
Graduates accepted for a full-time job	40 persons

# AGROFERT Foundation

In the AGROFERT group we understand that the companies do not only generate profit and that they are an important employer in respective regions, but they also have responsibility towards their surroundings.

We therefore decided to establish the AGROFERT Foundation in 2011, which integrated already existing charitable activities of the whole group into one long-term strategy.

The companies of the group have contributed almost 100 million CZK to the Foundation activities. Within three years of its existence, the AGROFERT Foundation has donated over 50 million CZK to the projects covering the full spectrum of activities of non-profit organizations.

The Foundation assistance focuses mainly on the support of projects whose aim is development of one of the following areas:

## Children and the youth

Investment in childhood and the youth, their development and education is one of the most important. We support children and young people who have courage and strong intentions and the barriers they have to face do not discourage them from their efforts – whether physical or mental impairment or circumstances, which do not contribute to any ambitious objectives.

## Development of regions

The AGROFERT group belongs to the largest employers in the Czech Republic. It stands to reason that we intend to contribute to the development of the whole region and the local community where our companies operate.

## Health and care

**“Health is the most important thing in life”.** We support not only institutions and organizations which provide medical care and help patients and their families, but we are also committed to projects focused on prevention of serious illnesses and promotion of science and research.

## Support to disadvantaged and handicapped citizens

**“A disability does not necessarily imply a handicap”.** We intend to help people whose life is so difficult that they do not have the strength for anything else than just life itself. Human dignity, whether we are ill or old, is for us the most important value.

# Significant projects

## Support of physically, mentally disabled children or children disabled by the circumstances in which they grow up

Each year, the AGROFERT Foundation publishes calls for grant applications which are focused on the support for organizations that help children with different types of handicap.

We are one of the few foundations which contribute to running costs of these organizations and thereby in many cases to their viability.

### Sport Centers established by the AGROFERT Foundation

The project „Sport Centers established by the AGROFERT Foundation“ is mainly designated for children from socially disadvantaged families who cannot do any team sports or other activities due to the low incomes of their parents.

The AGROFERT Foundation organizes sport activities, which do not give them many opportunities to idle around or spend too much time at their computers after school, but they commit themselves to sports. Trainings are led by experienced instructors, and the fact that the children do not need to commute anywhere as all activities are organized at their schools is another great advantage.

The offered sports are suitable both for boys and girls: basketball, floorball, volleyball, handball and athletics.

SPORT CENTERS  
AGROFERT  
FOUNDATION

FIREFIGHTERS'  
FUND

In the year 2014, over 1200 children were engaged in sport activities at 53 sport centers.

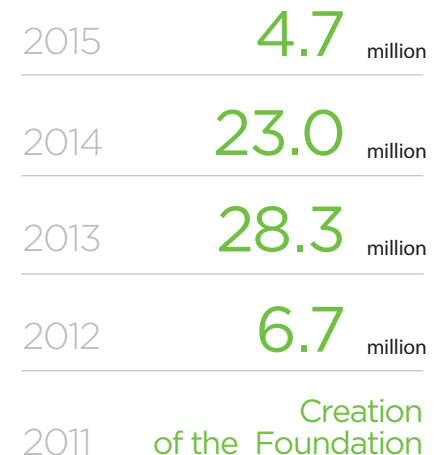

### Firefighters' Fund

In the year 2015, the AGROFERT Foundation started activities of the Firefighters' Fund intended especially for voluntary fire services, organizations and associations. The fund contributes to the purchase of instruments, machinery or equipment and it also supports activities in the field of emergency and rescue activities, firefighter sports, work with children and the youth, organization of social, sport and cultural activities in the region or activities supporting traditions of firefighting.

### Crisis Assistance Fund in cooperation with the Tereza Maxová Foundation

The mutual project of the AGROFERT Foundation and the Tereza Maxová Foundation "Crisis Assistance Fund" was initiated in the autumn 2013.

The aim of this Fund is to give a helping hand and effective assistance to families who are at risk of their children being taken into institutional care. The core of the Fund's activities is to prevent unwanted removal of children from their families, and to provide targeted assistance to families that have fallen into difficult social or other threatening situations.

## Fund for single parents

The fund supporting single parents in emergency situations is an independent project of the AGROFERT Foundation. The Fund is intended for lonely single parents raising one or more children (biological, adoptive or foster children). We support mothers and fathers who despite all efforts ended up in a difficult situation and who actively try to find a constructive way out of it.

The fund contributes most frequently to rents and energy related to accommodation, school lunches, gardenies, basic furnishings, education and extra-curricular activities for children. In 2014 the employees of the Agrofert Group supported the children of single parents in emergency situations by the collection of Christmas presents (over 400 presents were collected and distributed to children's homes) and in cooperation with the Kroužky agency, the stay at summer camps has been prepared for them.

Most contributions of this Fund are covered directly from the AGROFERT Foundation appropriations and the whole Minister's salary of Mr. Andrej Babiš is sent to the Fund's account as well. Individual donators and organizations are being added.

The AGROFERT Foundation decided to pay attention to single parents in particular with a view to the fact that bad financial situation of these parents strongly influences children who grow up with them. The children disadvantaged by these circumstances become socially isolated and they often end up on social securing contributions without any perspectives of future employability.

## Do you know that...

...ca. 22% of Czech children live only with one parent, i.e. approximately 400 000 children?

...33% of children from single-parent families live at risk of poverty and the second parent does not pay child maintenance?

...the Czech Republic is among the EU countries with the highest proportion of single mothers in total population?

...average amount of the monthly child maintenance is between 2 000 to 4 000 CZK?

*we help with our hearts*
